EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with DENNIS L. THOMTE on January 18, 2005.

The application has been amended as follows:

SPECIFICATION

On page 6, line 7, the numeral "30" has been changed to – 17 --.

CLAIMS

6. The combination of claim [4] 5 wherein said recessed peripheries are substantially V-shaped in section.

16. The combination of claim [14] 15 wherein said recessed peripheries are substantially V-shaped in section.

2. The following is an examiner's statement of reasons for allowance:
the prior art of record does not teach a truss having a top and bottom chord in combination with a sign support having a rail secured to the top chord, a

rail secured to the bottom chord and a sign support structure mounted on the rails and movable between a first position over a roadway and a second position adjacent the roadway.

3. Note with respect to claims 11 and 24, the positive recitation of the “first elongated rail secured to the top chord” and the “second elongated rail secured to the bottom chord” renders the claims a combination of the sign support structure and the truss.

4. The following patents show signs assemblies mounted adjacent a roadway with a movable sign or signal, however the signs or signal are not mounted on a first and second rail which is mounted to a truss: FR 2 671 895; US 4,543,905; US 6,367,750; and US 2,409,076.

5. The following patents are cited to show overhead highway sign supports having a fixed sign: US 4,718,563; US 3,236,481; and US 2,765,554.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
